## Product Overview

PIM-101-C (PN: CS-D101) is a 10.1" industrial display that features a 10-point capacitive touch screen with a resolution of 1280 x 800 (4:3) pixels and brightness of 350 cd/m<sup>2</sup>. The 3mm tempered glass cover with black silk-screen ensures the screen is water and steam resistant.

The typical power consumption is  $\leq 14W$ , while in standby mode, PIM-101-C uses around  $\leq 2W$ , making it ideal for all kinds of applications.

## Ordering Options

Most of the Chipsee products can be customized during the ordering process. The product will be shipped with the pre-installed factory defaults if no extra requirements are specified. The table in the [Specification](#) section provides information about the product.

### Note

You can order [PIM-101-C](#) from the official [Chipsee Store](#) or from your nearest distributor.

## Specification

PIM-101-C	
<b>Backlight</b>	Led
<b>Brightness</b>	350 cd/m <sup>2</sup>
<b>Contrast Ratio</b>	600:1
<b>Viewing Angle</b>	Horizontal: 170° / Vertical: 170°
<b>Response Time</b>	35ms (GTG)
<b>Display Color</b>	16.2M Colors
<b>Display Resolution</b>	1280 x 800 (4:3)
<b>Refresh Frequency</b>	60Hz
